The Board reviewed the short-term and long-term cash flows to ensure all planned projects were economically viable, will become cash generating assets, and are therefore in accordance with the primary business activity.
- The directors have reviewed the company's loans to its subsidiaries to ensure required operational cash flows are provided by an appropriate financial instrument. During the year, long term loans have been provided to RWE Renewables UK London Array Limited, RWE Renewables UK Robin Rigg East Limited and RWE Renewables UK Robin Rigg West Limited with interest rates commensurate with the loan terms and inherent risk.
- The directors have approved the budget for 2023 and the plan for the following years. In doing so, the Board has ensured the business can meet the company's cash flow requirements ensuring prompt supplier payments and other liabilities are met as they fall due.

Private interests should remain separate to those of the company and no representative should solicit or accept monetary benefits from third parties.
- The health and safety of employees and contractors on the company's subsidiaries' sites is vitally important. Contractors working on wind farm sites are therefore expected to sign up to and follow the service provider's HSE Requirements. The Board regularly reviews Health and Safety reporting during the company Board meetings and takes action as required.
- The company and its subsidiaries supports suppliers by paying promptly in line with the terms agreed between the parties.
- The company sells its electrical output to E.ON UK plc under Route To Market Agreements, Power Purchase Agreements, and other relevant agreements.
